

State Uniform Committee

Report 2014

Prepared by
Russell Branson AFSM

State Uniform Committee only meet once during the year as not enough items have been on the agenda to require any more. Further to the May Meeting there has been no additional information.

The new Wildland PPE has now been out in the field for some time and I have not had any negatives about it. Not saying that some people may not be totally happy.

The wearing of Helmets Policy was put COAG around June this year and accepted, which does not allow Structural Helmet to be worn at Wild Land Fires.

A review of the Uniform Manual was commenced at the May meeting but I have not received any further correspondence to that.

As I have said in the past I welcome any feedback from volunteers.

I have been honoured to represent the Association on the Uniform Committee and I am happy to do so into the future.

Thanking you
Russell Branson AFSM
